

A new possible resonance at Belle

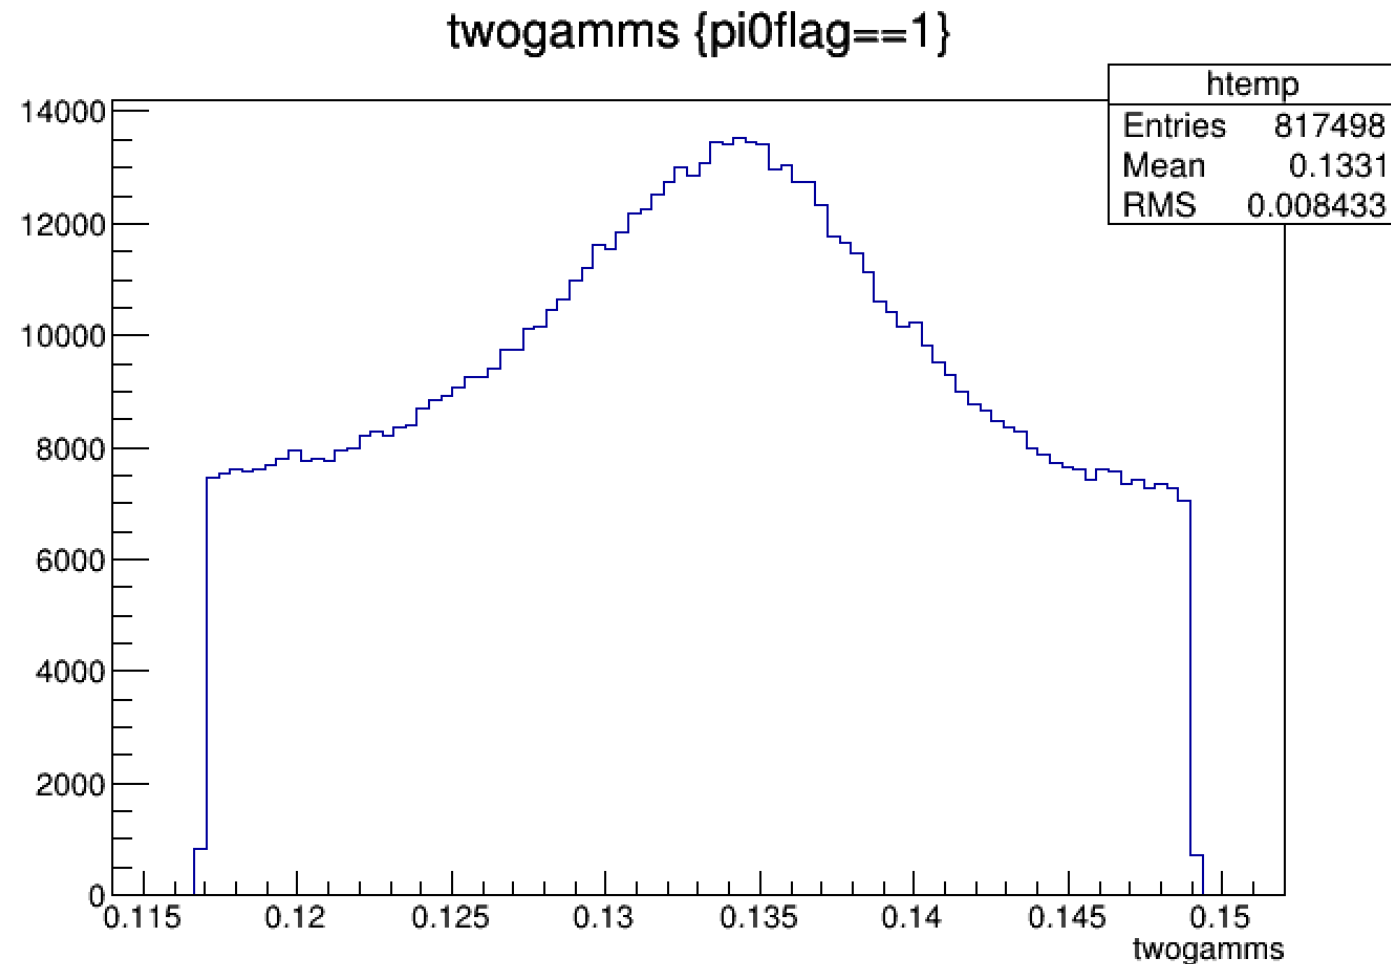

2017. 02. 22.
Jaeyong Lee

Mass Constraint Fit

mass range set from 117 MeV to 149 MeV

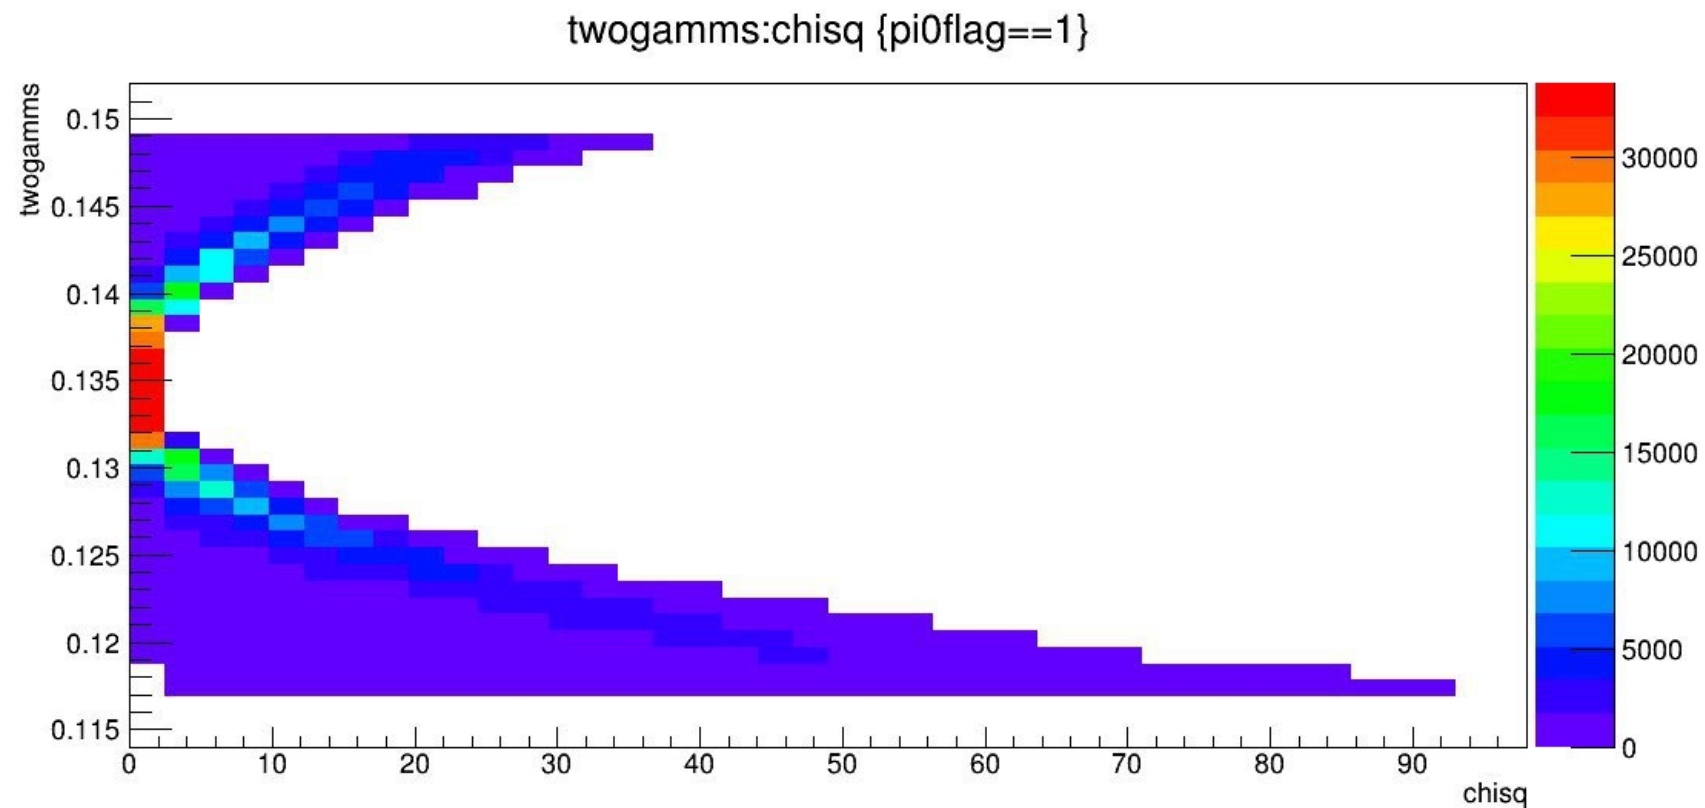

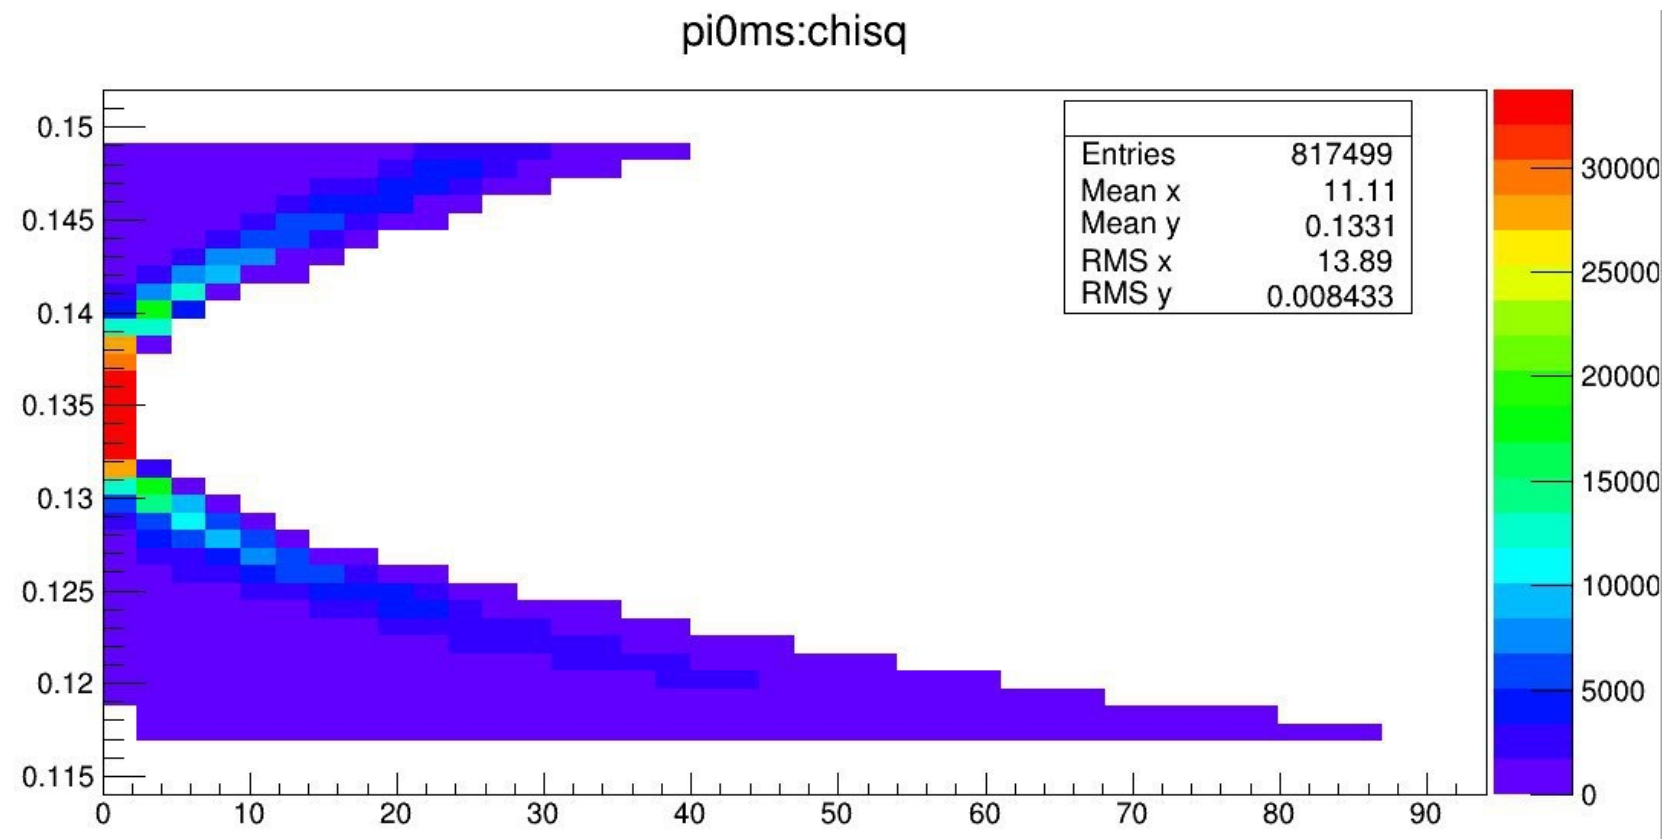

Pi0 mass
before mass constraint fit
(called from pi0 mdst)

two gamma invariant mass
before mass constraint fit
(called from gamma mdst)

Pi0mass(before fitting):chisq

Pi0mass(after fitting):chisq
